**ONLY TWO HOME AND AWAY ROUNDS REMAIN AND THE BATTLE FOR SPOTS IN THE FINAL FOUR ARE HEATING UP**

**A**s a season draws toward an end, inevitably the stakes for those teams fighting for play-off berths become higher. 2018 has been no different. Today's match will be another tense, and hard fought affair, with plenty hinging on the outcome. Despite it appearing as though Maitland have a little more hanging on today's outcome than the Jaffas, as we are guaranteed a spot in the final four, carrying winning form and momentum into the play-off series is very important. No doubt the boys will be extremely keen for a positive showing and a strong

ROUND 21

**LAMBTON JAFFAS**

VERSUS

**MAITLAND MAGPIES**

focus on gaining maximum points this afternoon.

For the Magpies their final series has already started and every game is nearly a do-or-die contest with the battle for the final play-off spot becoming intense. Charlestown, Olympic and Maitland are separated by a single point leading into the final two home and away rounds. A goal here-or-there can be the difference in gaining the right to play in the post season or starting the "off season" a few weeks early. There will be no quarter asked or given today as the only thing that will matter will be the result come 4pm! Good luck to both teams.

**WELCOME** everyone to today's fixture against the Maitland Magpies.

The visitors have had a similar season to ourselves in terms of having a number of key players unavailable on a regular basis.

Despite this, like ourselves, Maitland have shown resilience and a squad depth, that has allowed them to remain in the top four for the majority of the season.

All indicators point to this game being a tight encounter with a moment

of quality or a mistake providing the difference on the day.

Our form of late has been excellent with Hamilton Olympic's last minute equaliser on Sunday being the only goal we have conceded in four weeks.

In that same period we have hit the scoreboard hard, racking up 13 goals for ourselves.

This weekend will see the return of two of our more experienced palyers, Joel Griffiths and Jobe Wheelhouse, to the matchday squad.

It's a huge bonus for us as we reach the business end of the season.

This afternoon's clash is our final home game for the home and away season and I would like to thank all our supporters and sponsors who have turned up to cheer the boys on all season.

Hopefully today is an entertaining game for all and I look forward to seeing everyone back at the Duke after the game.

**UNDER 20S**

**THE** last two weeks have seen us play a couple of the strongest teams in the competition.

This weekend presents another quality opponent in Maitland, who were well organised and fantastic on the counter attack in our first match against them.

Last week we were disappointed to concede an early goal against Olympic, but the players responded well to a change in shape and whilst Hamilton controlled the majority of possession, we were able to create some good chances in front of goal

Unfortunately we couldn't capitalise on those chances and put them away.

In the end, some moments went against us, and we couldn't get any points, but we look forward to competing for the six points still on offer this season.

**A GOAL** just moments from the end of normal time, from a man off the bench making his return from injury, may have just kept Hamilton's season alive.

Although they've slipped down a place on the ladder, Olympic is still in it after Jarryd Sutherland's magnificent 90th-minute strike rescued them one of the most valuable points of their season.

Michael Kantarovski opened the scoring after he won a free kick just outside the 18-yard box. Braedyn Crowley whipped the ball in, and Kantarovski nodded it on to give the visitors the advantage.

Crowley almost made it a second just minutes later, but his shot dribbled agonisingly wide of the post. Blake Green almost levelled things up at the other end shortly after, but a fantastic double save

from Brad Swancott kept Lambton in front.

It was chance-a-minute stuff, with Crowley unable to beat Tyler Warren from almost six yards out and then firing a shot high and wide after being fed by Ben Hay.

Jarryd Sutherland thought he might have had a penalty in the 70th minute when he came together with Ridge Mapu in the box but the referee didn't agree – the Hamilton youngster was shown a yellow card for simulation.

Sutherland had what looked a stronger shout for a penalty waved away again as the match wound down but in the 90th minute, the youngster had the last laugh.

He seized on Liam O'Dell's mistake at the back, weaved a wavy path from halfway to the opposition 18-yard-box, and finished superbly to ensure the points were shared.

Olympic coach Peter McGuinness was pleased with the way his side played.

"Performance-wise, really happy. We worked hard without the ball and were quite good with it, created a few chances," said McGuinness.

"They [Lambton] created chances of their own, and it was a pretty high-standard game.

"Like I said last week, we can only do what we can do. It was good that the result on the other side of the coin [Lakes 1-1

draw with Maitland] went our way, and our goal was one I think we deserved.

"We had the lions share of possession in the second half, they were hard to break down and I think we deserved an equaliser."

With a number of players who had to fight to be fit this weekend, it will be welcome news to Hamilton fans that there's no bad news on the injury front.

"Jarryd [Sutherland] is still working his way back to full fitness but he's okay, Jed [Hornery] was on the bench but I didn't use him because he hasn't completed a full week of training yet, and Stuey [Musalik] is still working his way back to full fitness," said McGuinness.

"Everybody is doing okay; we didn't pick up any knocks out of the game which is good."

The result saw Hamilton slip to sixth on the ladder, but still just one point off Maitland. Things are out of their hands, and they simply must win if they're any hope of clawing into the top four.

"If yesterday is anything to go by, I think if we start playing games with the intensity we had in the first half, we can compete with every team in this competition whether they sit at the top or the bottom."

IT's the end of the season which results need to be forthcoming, and Lambton showed they have the ability to grind them out with a resounding win in what shaped as a tricky fixture.

With other results, it's a win which moves them into second on the ladder and keeps them within three points of Edgeworth in the toap spot. The Eagles have a game in hand.

A goal at around the midway point of the first half got things underway for Lambton, and it was Tom Waller who seized on a loose ball at the edge of the area. It didn't look much of a shot, but it was deceptive and dribbled past Scott Carter and put the home side ahead.

A four-minute blitz shortly after half-time wrapped up the result for Lambton. Ryan Griffiths, returning from injury had a simple finish inside the six-yard box for his seventh goal of the NPL NSW campaign.

Shortly after, Braedyn Crowley popped up for his eighth of the season and probably the best of the day. He pinched the ball from a Valentine defender, rounded Carter and finished into an empty net to put his side three goals ahead.

There were unsavoury scenes in the 71st minute after Braedyn Crowley and Scott Carter found themselves in a foot race after the ball. Carter looked certain to win it, but Crowley looked to speed past the goalkeeper after he'd relaxed.

Carter, with no eyes for the ball, put something of a shot on Crowley as he tried to make his way past and the young striker was barrelling into the advertising boards on the fence. Crowley avoided serious injury, and Carter was shown a yellow card.
